*(Company No: 4060 -V)*

## **MHC PLANTATIONS BHD ENVIRONMENTAL POLICY**

**MHC PLANTATIONS BHD** is aware of the impact its operations have on environment, and has formulated an environmental policy that plays an integral role in our operational strategy. In efforts to adopt environmentally conscious attitudes, **MHC PLANTATIONS BHD** is fully committed to:-

1. Comply with all applicable environmental requirements, prevent pollution and continually improve performance on criteria to its businesses and operations.
2. Involving, educating and training staff in environmental issues to instill a sense of environmental responsibility.
3. Reducing waste produced, reusing materials when possible, and recycling other wastes.
4. Taking measures to decrease harmful emissions.
5. Communicating and distributing our environmental policy to the staff, suppliers, and other stakeholders.
6. Implementing energy and water efficiency programs where economically and operationally practical.
7. Reviewing policy for continual improvement of environmental performance.
8. Adopt zero burning practices in plantation management.
